ST. CLOUD, OSCEOLA COUNTY, FLORIDA, THURSDAY, JUNE 12, 1919.

\$2.00 A YEAR.

FIVE CENTS THE COPY.

Commencement Exercises Friday Marked Close of St. Cloud's School

Three young ladies and one young man were presented with diplomas of graduation from the St. Cloud High School at the commencement exercises held in O. A. R. Memorial hall last Friday evening, when a pleasing program was rendered as marking the end of the school term.

The hall was filled to capacity when the program was started, at 9 p. m., as follows:

Invocation, by Rev. N. W. Beauchamp.

Song, "Morning" (Czibulka), by the High School Sextet.

Class poem, "Memories," by Anna Lee Rode.

Essays, "Citizenship," by Curtis Bartlett Munn.

Chorus, "Kentucky Babe" (Richard Henry Buck), by the High School.

Piano solo, "Grand Polka de Concert" (Bartlett), by Evadne Raye Harris.

Class will, by Ruth Louise Bleech.

Solo, "On the Road to Mandalay," by Herndon Bowen.

Commencement address, by H. R. Truxler, dean of the University of Florida.

Delivery of diplomas and medals, by William Hall.

Valedictory, by Prof. N. H. Bullard.

Benediction, by Rev. H. H. Bowen.

The graduates were Miss Evadne H. Harris, Miss Ruth L. Bleech, Miss Anna L. Rode, and Curtis B. Munn.

Miss Rode was awarded the medal for having made the best grade during the entire school term.

Prof. H. R. Truxler, dean of the law school of the University of Florida, delivered "The Quest of the Golden Fleece" as the commencement address, and it was a literary gem and was delivered in a masterly manner. He is one of the ablest speakers in Florida.

Mrs. Guy S. Morgan, St. Cloud's popular and obliging musician, supplied the accompaniment for the choruses and the solos of the program.

County Court Calendar Is Cleared By Thursday

The June term of the County Court began its sessions Monday, and by this morning its docket had been cleared of all civil and criminal cases and adjournment had been taken.

There was only one civil case on the docket, and it was continued by agreement, to afford opportunity for its settlement out of court. The cases were as follows:

A. B. Perry and James Seibee, for transporting liquor in dry territory. Nolle prosequi.

J. S. Brown, hunting without a license. Bond ordered, returned, as the defendant was not in court.

Ann Galloway (colored), assault. Found guilty by a jury, sentenced to pay a fine of \$100; resentenced and fine changed to \$50 and costs.

R. M. Montalvo and Joseph Tracey, assault. Continued because the prosecuting witness is out of the State.

Frank Johnson, John Bradley, and Hattie Johnson (all colored), larceny. Found not guilty.

R. C. Jourigan, charged with having more liquor in his possession than is allowed by law. Found not guilty.

The defense raised the point that the sheriff had searched the defendant's home without a search warrant, and the court ruled that no testimony about what was found without a search war-

rant could be given.

U. S. Grant (colored), selling liquor. Found not guilty.

Callie Jourigan, illegally having liquor in her possession. Nolle prosequi.

This case arose out of the search for liquor in the R. C. Jourigan case.

Osceola Stokes, pleaded guilty to assault. Fined \$1 and costs.

T. E. Lupper and George W. Overstreet, assault. Found not guilty by a jury.

John V. Bailey, operating an automobile without a proper license. Jury found him not guilty.

H. E. Smith, charged with obtaining money under false pretenses. Found not guilty.

Paul Godwin, larceny. Found not guilty.

Harry Outlaw, petty larceny. Found guilty and fined \$50 or three months in jail.

William Williams vs. American Railway Express Company, damages. Continued on agreement for settlement out of court.

June Brides Scarce.

County Judge Murphy is worrying about the crop of June brides in Osceola county, he having issued only four marriage licenses since June 1 to this morning.

Peoples Bank of St. Cloud Soon Will Begin Business

The State's charter for the Peoples Bank of St. Cloud arrived in the city Wednesday morning, and that institution will be opened for the transaction of business within the next few days.

All of the new bank's capital stock has been subscribed and paid for, and only a few details of the business remain to be arranged before the date for the opening of business is announced.

E. C. Meek, the cashier of the new institution, arrived in St. Cloud on Monday from Jacksonville, where he was connected with the Florida National Bank, and began arranging matters for the new bank's opening.

Printed matter has been obtained from the Tribune for the new institution, and a bank examiner is expected within several days to check in the records of the bank and issue authority for it to begin business.

The two-story brick building at the corner of Twelfth street and New York avenue has been obtained for the business location of the bank, and new time looks for the big vault in this building have arrived.

Announcement of the date of opening will be made next week.

More About St. Cloud's National Soldiers' Home

From National Tribune, Washington, D. C.

All of the residents of St. Cloud, Fla., are signing petitions which are being sent to Congress for the establishment of a national soldiers' home at St. Cloud. The petitioners point out that St. Cloud is a veterans' colony and is just the place for a soldiers' home, with climate, water, transportation, paved streets, lights, and plenty of fine land, making an ideal place for such a home.

Representative William J. Sears of Florida has introduced a bill to establish a soldiers' home at or near St. Cloud, where the famous veterans' colony is located, and the strongest efforts will be made to secure the passage of the bill, which is a just one and, if passed, will be of high benefit to the veterans.

There is no place in the country better suited for a veteran to pass the remaining years of his life than in the genial climate of St. Cloud. Men and women worn down by conflict with the fierce storms and biting winters of the North find there a balmy climate that seems to renew their youth.

Every year these people are seeking milder climate in greater numbers, and St. Cloud is a place that, when once

visited, makes a journey for a return to it. It is a climate where one can be outdoors, in the fresh, life-giving air, every day in the year.

The Government would find it profitable to establish such a home there for its veteran soldiers. The veterans who are already in St. Cloud are strongly in favor of such an institution and have unanimously petitioned the Government to establish one there.

Mr. Sears's bill provides for an immediate commencement of the work and it being finished in a stipulated time, so as to be of substantial benefit to the greatest number of veterans.

All veterans who are interested in this would do well to write to their Congressmen, asking for support to the bill.

From Daily Times, Tampa, Fla.

St. Cloud has applied to Congress to locate a soldier's home in that town. We suggest the bill carry with it a treaty of perpetual peace, and that every resident of the city be required to sign the same. For months back St. Cloud has been the "fighting" town in Florida.

(Note by St. Cloud Tribune: Perfectly natural. This is a colony of warriors, not of the soldiers.)

Mayor Bower Calls Council Meeting For Friday To Con- firm His Appointments

ALSO TO TAKE UP REGULAR ORDER OF BUSINESS PENDING BEFORE THAT BODY—WALTER ARROWSMITH IS APPOINTED IN TREASURER KING'S PLACE.

Mayor L. Q. Bower has issued a call for a City Council meeting for 2 p. m. Friday for the purpose of confirming his appointment for marshal, and to confirm any other appointments he may have made and which will be reported at the meeting. The call, issued by Mr. Bower on Tuesday morning, is as follows:

To _____, Member of City Council of St. Cloud, Fla.—Dear Sir:

You are hereby given notice that, under and by virtue of the authority vested in me as mayor of the town of St. Cloud, I, as such mayor, do hereby call a special meeting of the City Council of St. Cloud, to be held at their offices, in St. Cloud, Fla., on June 13, A. D. 1919, at 2 o'clock p. m.

This meeting is called for the purpose of confirming the appointment of chief of police, considering the passage of ordinances necessary for carrying out the authority vested in the council under this charter, adopting a seal, electing a city attorney, paying bills, and the transaction of any other

business that may properly come before the meeting, including the ratification of such other appointments as I shall have made prior to the date of said meeting, under the authority in me vested by law and as I shall submit to the council at that time.

You are hereby requested to be present at said meeting.

Witness my hand at St. Cloud, Fla., the day and year first above mentioned.

L. Q. BOWER,

as Mayor of the City of St. Cloud.

Arrowsmith Appointed Treasurer.

Monday night Mayor Bower appointed Walter A. Arrowsmith as city treasurer for the unexpired term of W. G. King, resigned, and this appointment is among those that are to be ratified at the council meeting.

Regular Meeting Not Held Monday.

Monday was the date for the regular monthly meeting of the City Council, but there was no meeting, due to the absence of Councilmen Washburn and Kenney in Kissimmee, they having been summoned there to serve as jurors in the County Court, and therefore being absent from St. Cloud.

Result Of Patriotic Contest Among the School Pupils

There were eight contestants for the prizes offered in the patriotic essay contest recently inaugurated by Rev. N. W. Beauchamp among the public school pupils of St. Cloud.

Curtis Bartlett Munn was the only contestant for the prize offered to pupils of the High School for the best essay on "American Citizenship Loyalty." He was awarded without judging or question the ten volumes by Julian Hawthorne in the "Leak and Key Library."

Seven pupils contested for the prizes offered to the eighth grade for the first, second, and third best essays on "The American Flag."

The first prize (a six-volume history of the World War) was awarded to Golda Grove.

The second prize (a selected volume of popular works) went to Joseph Madison.

The third prize (a selected volume from "Makers of American History") was obtained by Bonnie Cathcart.

The second prize was contributed by Mrs. Julia B. French, president of the Woman's Relief Corps of St. Cloud. Mr. Beauchamp donated the three other prizes.

The judges who passed on the essays were Rev. H. H. Bowen, Dr. M. Puckett-Foster, Rev. L. L. Jenkins, and Rev. E. J. Riggs, the latter acting for Rev. J. T. W. Stewart, who was out of the city. The judges said, in making their awards: "Each paper submitted is entitled to honorable mention and commendation. There were very slight differences in the markings."

Maurice Johnson (now in Ohio), Pearl Stewring, Priscilla Peckham, and Alene Moon were the four other contestants in the eighth grade.

The judges made their awards without knowing the authorship of any of the essays.

The three prize-winning essays by eighth-grade pupils are published below.

FIRST PRIZE—BY GOLDA GROVE.

The first American flag was made June 14, 1777, and was composed of thirteen stars on a field of blue (one for each State in the Union), and thirteen stripes (seven red and six white).

As each State has entered the Union, a star has been added on the Fourth of July of that year—the birthday of our country. The flag now contains forty-eight stars.

"The Stars in our flag are like the stars in Heaven. No one can pull them down."

An English newspaper said: "In the red and white bars and the stars of his (George Washington's) shield, and the raven of his crest, the framers of the United States is the youngest of the Stars and Stripes."

It is not generally known that, the United States is the youngest of the great nations of the world, our flag is older than that of any other nation.

The Stars and Stripes were established by a resolution of the American Continental Congress, June 14, 1777.

The flag's first trip around the world was on the ship Columbia.

The American patriotic salute to the flag is: "We give our heads and our hearts to God and our country—one country, one language, one flag."

"Old Glory" was a consecrated name applied to the flag by the soldiers of 1861-65, because of its endearing relations and sacred associations.

Emerging from the terrible carnage of fire and smoke of the four years of civil conflict, its colors brightened and strengthened by the experiences of war, it was made truce holy by its baptism in the blood of glorified patriots who sacrificed their lives in defending its honor, and that our Republic might live and the Union remain forever united, with the glorious Stars and Stripes left to our children as a blessed souvenir of its departed heroes.

The flag waves before us today as a perpetual object lesson, and inspiration, and a noble inheritance given to us by Washington the father and Lincoln the savior of our country, and by all brave men of both the army and the navy who died fighting to give to the future generations all it represents.

SECOND PRIZE—JOSEPH MADISON

Our American flag, the national emblem of the greatest nation in the world, stands for courage, purity, and truth.

When we gained our independence, we adopted this flag, and since then it has been carried victoriously thru eighteen wars.

The thirteen stripes represent the thirteen original colonies, and the stars represent the present number of States.

The first American flag had thirteen red and white stripes, and thirteen stars arranged in a circle on a field of blue.

The American flag was the first to defy the pirates of the Mediterranean and thereby set an example for the other nations.

It was the first flag to reach the North Pole, and to the present day it has been the leading flag of the world.

It has been the inspiration to thousands of men and women, and many have been killed rather than disgrace it.

It has led our boys in the past war and has been carried over obstacles that our allies had failed to take, and the foe has fought vainly to drive it back.

It is regarded as the greatest flag in the world and is honored and respected by millions of people all over the world.

It has never been disgraced by an act of cruelty and has stood for all that is right.

Today the flag glows over the finest army, the most powerful navy, and the most civilized nation in the world.

It also floats over the capitals of seven of the leading nations of the world. This was done to show their honor and respect for our flag.

It has shown forth from the finest ships and flown at the top of the finest and most beautiful buildings and rep-

(Continued on Page Five.)

Write Your Folks Back Home To Write Their Congressmen

If the people of St. Cloud really desire to have a national soldiers' home located at or near this city, they must give Representative W. J. Sears their hearty co-operation by writing at once to their relatives and friends in other States and urge them to write to their Congressmen, both Senators and Representatives, in solicitation of their support for the Sears bill, which provides for locating a soldiers' home or sanitarium in this city.

Representative Sears was at home on business this week, and in conversation with the Tribune's editor he stated that the matter is now up to a Republican Congress, and that if proper co-operation is given, by showing that the soldiers' home at St. Cloud is desired by people all over the country, the bill can be enacted and work be started on the home within the year.

It is now the duty of every resident or friend of St. Cloud to see that the members of Congress from every State

know that a soldiers' home in St. Cloud is desired not only by people other than the residents of this town, but that it is the most ideal location in the country where veterans of the army, navy, etc., can regain health and prolong life.

This movement deserves the support of all the Grand Army organizations in the country, and this co-operation can be obtained if the local organizations will appoint committees to work on the proposition.

The 300 acres of land required in the bill pending can be obtained in several parts of this section when the time arrives for locating the home, but the important thing to be done is to have the measure brought to the attention of every member of Congress by the people from such member's district or State.

Any information desired concerning this movement to secure a soldiers' home at St. Cloud can be obtained at the Tribune office.

Baptising and Sermon To Be At Lake Shore Friday

Rev. Claud W. Duke of Tampa will preach at the Baptist church this evening, and at noon on Friday he will be the guest of the congregation at a dinner to be given at the Lake Shore Club house. At 2 o'clock Friday afternoon a sermon will be preached at the clubhouse, after which a baptismal service will be conducted at the lake, followed by communion service at 8 p. m. in the Baptist church and a sermon by Rev. Mr. Duke.

All members of the Baptist church are urged to go out tonight and hear the Tampa clergyman's sermon and to arrange to attend all the services tomorrow at the lake in the afternoon and at the church in the evening.

Sabbath will be at the usual hours. Special music will be rendered at the evening services, at 8:30 p. m., its chief feature being violin music by Prof. Sampson.

This church is much indebted to Mrs. Vernon Ellis of Kissimmee, who last Sunday evening and on other occasions has delighted its congregation with music on her cornet, she being an accomplished performer on this instrument and also a member of Kissimmee's municipal band.

Made is a great factor in church services, and the Baptists warmly appreciate and thank those of their friends who have a talent for this.

Teachers For St. Cloud School For Next Year

The following appointments have been made for the next term in the St. Cloud public school:

Primary Department—Miss Almada Arrowsmith.

Second Grade—Miss Starr Paisley.

Third Grade—Mrs. Harry Goss.

Fourth Grade—Miss Emma Tyson.

Fifth Grade—Miss Lillian Ide.

Sixth Grade—Miss Katherine Shadon.

Seventh Grade—Miss Mary Florence.

Eighth Grade—Miss Myrtle Fletcher.

High School—Prof. N. H. Bullard (principal), Mrs. Laura Lee (assistant principal), and Miss Rose McKenle.

Neither of the three Misses Doolittle, who taught the primary and seventh grades in the last previous term, was an applicant for reappointment.

Miss Lillian Ide is advanced to the fifth grade from the third, and Miss Florence is advanced to the seventh grade from the fifth, thus making vacancies for the primary, the third grade, and the high school.

Miss Caplinger has accepted a position on the East Coast, and Miss McKenle has been appointed in her place. A nine-month term will be taught next year.

Boosters For St. Cloud-Melbourne Orlando Road Are On the Job

One of the most interesting talks at the Orlando Board of Trade luncheon this week was that made by Mr. Fields of Melbourne, who, with a party of other Melbourne boosters, was in Orlando on a good roads trip, says a late issue of the Orlando Reporter-Star.

Secretary Van Valkenburgh of the State Automobile Association introduced the party at the luncheon. He said he recently had been entertained royally when visiting Melbourne. His train was late, and twenty-five good-roads boosters of Melbourne had waited up until 9 o'clock to dine him.

"The fact I wanted to bring out," said Mr. Van Valkenburgh, "is that it was because I was from Orlando that these men waited until that hour to receive me. They have the impression that Orlando is 'some town,' and now that impression is confirmed by what they see before them."

Mr. Fields said he wanted to obtain the assistance of the Orlando Board of Trade in an effort to obtain more funds from the State Road Department to use in completing the construction of the St. Cloud-Melbourne road. He said this road means much to Orlando, as it would bring practically all the East Coast travel thru Orlando one way or another. He said all the money the Melbourne district had was being spent on the road; that thirty-seven miles of this highway has been laid, and that it is one of the best pieces of road building there is to be found. He said they were not asking for something for which only promises would be made. The road now is being constructed, the route has been laid out, and all they need is Orlando's assistance.

The Orlando Board of Trade voted the assistance desired, and the resolution asking that whatever aid possible

shall be rendered will be forwarded to the State Road Department.

KISSIMMEE VOTES BONDS FOR STREET WORK AND DRAINAGE—BULKHEADING SOON TO BE COMMENCED.

Last Saturday the voters of Kissimmee balloted 10 to 1 in favor of a \$45,000 bond issue for street work and drainage. Out of this fund, the short unpaved stretch on the St. Cloud-Kissimmee highway (within the corporate limits of Kissimmee) will be paved, filling a gap with much-needed hard roadway.

Murphy, McInerney & Lupper, a new contracting firm of Kissimmee, were the successful bidders on the contract to bulkhead the lake at Kissimmee, for which work a bond issue was voted by that city some weeks ago. The work of reclaiming more than 100 acres on that city's lake front will be started at once.

The Auditor's Report

The analysis made by the State auditor of the city's finances, accounts, etc., is printed elsewhere in this issue of the Tribune. The document occupies too much space to be printed entirely in one issue—unless specially so arranged. The remainder of it will appear later.

The only funds found unaccounted for when the audit was made were 50 cents from former City Tax Assessor Gilt and \$657.76 delinquent Bond Trustee L. E. Zimmerman had received from the receiver of the late First National Bank. Both accounts were made good before the audit finally was completed.

Primary Department's Entertainment At G. A. R. Hall A Decided Success

The entertainment rendered by the pupils of the primary department of the St. Cloud graded school at G. A. R. Memorial hall last Monday evening was a decided success from every viewpoint, the little children rendering their parts perfectly and with much credit to themselves as well as their teachers, Misses Fleeda and Lottie Doolittle, who had rehearsed the little sketch entitled "Uncle Josh's and Aunt Jerusha's Visit to Pertater Ridge School."

Master Walter Powell, as Uncle Josh, made professional look tame by the manner in which he carried out his part.

Little Christine Hickman, as Aunt Jerusha, and little Frances Conn, as Emmy Jenkins (the teacher at Pertater Ridge), were perfect little darlings in their impersonations of grown-ups.

The pupils of Pertater Ridge school knew their parts well and kept the crowded house laughing from start to finish.

The entertainment marked the end of the school term and of all affairs of this class under the direction of the

Misses Doolittle, as neither of them was an applicant for reappointment as a teacher for the next school term, all three of the sisters having decided to retire for a time from teaching—when information will be regrettably learned by the parents of the little tots in the primary department.

No fee was charged for admission to this entertainment, but a free will offering was taken to pay for the expense of the hall and of incidentals necessary to the arrangements for the entertainment.

The tots taking part in the play included Walter Powell (as Uncle Josh), Christine Hickman (as Aunt Jerusha), wife of Uncle Josh), Frances Conn (as Emmy Jenkins, the teacher), Virginia Barber, Jay Johnston, Mildred Meeker, Almon Daniels, Ruth Daniels, Marjorie Outlaw, Irene Walker, Robert Stewart, Earl Walker, Laura Daley, Dorothy Barber, June Johnston, Virgil Haney, Clifford Montsdecca, Catharine Bailey, Marian Thomas, Sammy Cubbage, Frances Byrd, Earl Thomas, and Alfred Byrd.

Kissimmee Odd Fellow Lodge Adds Many New Members

There was a hot time in our town on Friday, May 7, the thermometer glass showing 96 degrees in the shade. The hottest place, however, was the Odd Fellows lodgeroom, at Fraternity hall, when the following candidates had the initiatory degree of Odd Fellowship conferred upon them: Horace White, Joseph N. Taylor, W. H. Arnold, Robert B. Smith, J. E. Luper, C. A. Williams, James W. Oliver, Lee McLean, R. L. Rogers, Ben F. Cobb.

The membership of Osceola Lodge, No. 74, welcomed the new members in a manner of warmth and fellowship that no doubt will leave a lasting impression upon their minds and help them in the future in showing the spirit and practices of true fraternity toward their fellow men.

The degree was exemplified with great solemnity and the impressive ritual was rendered with the feeling it deserves.

Due to the persistent work of a few faithful brothers the Kissimmee lodge (No. 74) has grown since the year 1912, when a charter from the Florida Grand Lodge was applied for by five third-degree Odd Fellows, and granted, until now it has a membership of seventy.

New applications constantly are being placed on file, to be investigated as to the applicant's fitness to be received within our circle of more than 3,000,000 who have banded themselves together to help relieve those in distress and to elevate the moral character of the human race.

Four applicants still remain on the anxious seat of the Kissimmee lodge.

Rebekahs Also Are Active.

The Rebekahs of Kissimmee are doing their part successfully to increase the membership of their lodge, and many third-degree members of the Kissimmee subordinate lodge have joined

Seminole Encampment, No. 13, which is situated in Orlando, and more application cards lately have been applied for.

With every prospect of Brother J. L. Overstreet again receiving the appointment of district deputy grand master, Kissimmee Odd Fellows can look forward with confidence toward the future. "Upward and onward" is their motto.

Certainly we have just cause to be pleased, as no other lodge in the Twelfth district is increasing so rapidly in membership or proficiency in the work as is Osceola Lodge, No. 74.

H. EDMOND SWABEY.

Kissimmee, Fla.

LOCAL PRESBYTERIANS

Show Appreciation For Their Choir—
Other News Of That Church.

(Contributed.)

Next Lord's day, beginning at 8:30 p. m., the "children's day" service will be held. The music for this occasion this year is especially pretty. An offering will be taken for Sabbath School missions.

The Christian Endeavor will assemble as usual, at 7:30 p. m. This service was especially well attended and very interesting last Lord's day. The subject was "World Peace." At the meeting next Sabbath the topic will be "What We Owe and How to Pay It."

Our Sabbath School and preaching service will be as usual—10 a. m. and 11 a. m.

Last Tuesday evening the church gave a reception for Mrs. Conn and the choir. This was given in appreciation of their faithful service and efficient work. About fifty-five persons were present, and many more would have come had it not been for the rain. Mrs. Conn favored the company with a solo, and Mrs. Johnson and Mrs. Brammar rendered a duet. The pastor expressed for himself and the church "the appreciation of those in whose honor the reception had been arranged. He also emphasized the value and great importance of the musical side of religious work. The remainder of the evening was spent enjoying ice cream and cake and in general conversation, interspersed with hymns rendered by the whole company. The reception was given in the manse.

The meeting of the Women's Home and Foreign Missionary Society has been postponed until next week.

IMPORTANT TO DISCHARGED SOLDIERS SUFFERING FROM TUBERCULOSIS.

On June 11 R. H. Hixson, executive secretary of the Florida Anti-Tuberculosis Association (500 Dyal-Upchurch building, Jacksonville, Fla.), sent a letter to every discharged tuberculous soldier of Florida whose name had been supplied by the Federal Surgeon General to the association.

This letter informs such soldiers or ex-soldiers that the Bureau of Public Health Service has established a hospital at Camp Joseph E. Johnston (at Jacksonville), and that this hospital will be ready within several days to receive tuberculous (consumptive) and other patients.

Accompanying the letter is a blank to be filled out and sent at once to the Bureau of War Risk Insurance. As soon as the application in this blank can be acted on, transportation to Jacksonville will be sent to the soldier

so applying, and he will be taken to the hospital at the camp.

Any such soldier not desiring to wait for transportation from the War Risk Insurance Bureau can go to Camp Joseph E. Johnston at his own expense and apply for admission and treatment. He must take his discharge papers with him.

Such soldier will be entitled to military wages for himself and compensation for his dependents while he is in the camp or the hospital—just as if he were in active service.

Other information desired can be obtained by writing to Mr. Hixson at the address mentioned above.

FINE CATTLE AT MODEL DAIRY.

At the invitation of the owner, one of the Tribune's friends recently paid a visit to the Emery ranch, at the eastern section of St. Cloud, to look over the fine herd of thoroughbred Hereford cattle recently imported from Georgia.

The herd comprises seventeen head, all registered stock calves, yearlings, and 2-year-olds, headed by a handsome, well-marked, and well-shaped bull that Mr. Cary-Elwes values at \$1,000.

To those accustomed to seeing only Florida native stock, it is a pleasure to see animals that at less than a year of age weigh more than the general run of the native stock does at 3 years.

The object of the owner of these cattle is to up-breed Florida native. He purposes within a short time to erect silos on his property and still further enlarge the venture or investment.

ST. CLOUD'S ICE FACTORY IS BEING REMODELED.

Workmen started remodeling the city ice plant on Monday of this week, a large batch of material having arrived for the repairs that are necessary before the plant is opened again for the manufacture of ice.

Lient, S. J. Entrikin is in charge of the work of rebuilding the ammonia generators, which will require several days.

Other additions to the plant are to be made, so that it may be run at full capacity in the future, and a large storage-room for ice will be provided, so that any shut hereafter will not cut off the citizens' supply of ice. At present, our city is being supplied with ice from other towns.

Our Subscribers Say:

Must Have Tribune, Even If It Is "Howling Democratic Sheet."

TO EDITOR OF ST. CLOUD TRIBUNE: Enclosed you will find a postal order of \$2—for the Tribune one year. I have taken it ever since it started. I own property in the St. Cloud colony, and I must have the paper—to keep posted—albeit of late it is a howling Democratic sheet, so not of my stripe.

Kearney, Neb.

(Not by Editor.—Mr. Rice is mistaken. This is not "a howling Democratic sheet." It does not howl; it just lets out a few Democratic barks occasionally, tho it is not yellow-dog Democratic. The Tribune appreciates fair-minded and frank subscribers like Mr. Rice.)

Hungry For St. Cloud News.

TO EDITOR OF ST. CLOUD TRIBUNE: I am hungry to hear from your town. I spent six months there. I am a member of L. L. Mitchell Post, Grand Army of the Republic (Company F, Eighth New York Cavalry). Enclosed find \$1 for your paper.

Flagler, Colo.

Message For Women's Improvement Club.

TO EDITOR OF ST. CLOUD TRIBUNE: Please send me the Tribune. If the \$1.50 herewith is not the yearly subscription price, I shall remit the balance when I see what it is. I was in St. Cloud and other places in Florida about four months in 1915, and I enjoyed the fine climate and visiting with people there very much.

I have one real regret to express. The Women's Improvement Club invited me to recite a few pieces at one of its regular meetings. I was so impressed by the broad scope of its work and the apparent fine results of that society that in my five or ten minutes' talk to its members I left the impression that I was somewhat disappointed in not meeting young people.

I had belonged to a society of young people while in college—namely Self-Improvement Club—and considered it of very great help to me.

I was far more than pleased with what that society (in St. Cloud) appeared to be doing for its city, etc. I was confused with new ideas as to the amount of good work that the women in all cities could do in the same way if only united in co-operation under the fine name "Improvement Club" or similar words. I was ten to fifteen years older than the average member of that society to which I spoke in St. Cloud, I suppose.

I fully expect to be in St. Cloud a few months before many years pass,

and I hope to visit again, if agreeable, to those I met in St. Cloud.

With good wishes to the Tribune and the people of St. Cloud, I submit these poorly written lines.

JOSEPH CARTWRIGHT.

Salem, Ind.

Delighted With Grand Army City.

TO EDITOR OF ST. CLOUD TRIBUNE: Enclosed find \$1. Please send me the St. Cloud Tribune six months more. My subscription expired April 1.

We spent the winter one year ago in St. Cloud, and we are interested in your beautiful city. We loved to see the beautiful lake, flowers, the birds, etc. Respectfully, S. W. FERRIS, Hampton, Iowa.

Can Not Do Without Tribune.

TO EDITOR OF ST. CLOUD TRIBUNE:

My sister and I feel we can not do without the St. Cloud Tribune. I enclose a check for \$2 for which please send your paper two years. * * * St. Cloud was dear to our father's heart, and for his sake we always will have a kindly feeling for the Wonder City. Sincerely yours,

MINERVA V. ALEXANDER.

Tyrone, Pa.

FLORIDA NEWS

The famous sulphur springs at White Springs, near Jasper, were sold recently for \$7,000.

A \$75,000 packing-house is to be constructed by the Winter Haven Citrus Growers' Association.

A moving picture of the landing of a 175-pound tarpon recently was made near Fort Myers.

The Lake Groves Company is a big development company formed by prominent south Florida men to develop 2,000 acres of land at Lake Stearns, in DeSoto county.

May 26 F. E. Maxwell of Enstis shipped the first car load of watermelons sent out of that section this season. They averaged thirty-five pounds each.

A whale 47 feet 3 inches long and weighing 3 to 4 tons lately washed ashore at Pablo beach. Bruises on its body showed it likely had collided with a ship. It was dead when cast ashore.

James T. DuBois of Pennsylvania is another famous person who has established a winter home in Florida. He has been in the diplomatic service of the United States many years, and has represented our Government in several countries. Some time ago he established a winter home at Fellsmere.

June 25, 1918, S. L. McKnight and Ben Harrell were shot at from ambush while in a boat on the Withlacoochee river near Istachatta, Hernando county. Harrell was killed. McKnight was seriously wounded. A. I. Lowman and Floyd Braswell have been convicted of the crime—murder in the first degree.

REAL ESTATE AND INSURANCE AGENCY.
Citizens' Bank Building - Telephone No. 30.
Kissimmee, Fla.

We have a well-selected list of properties for sale, among which are some very attractive Farms, Ranches, Orange Groves, Business Buildings, and Dwellings—all in Osceola County. Each proposition is listed at its minimum value. Some include all necessary farm equipment. We can offer also exceptional bargains in Kissimmee and St. Cloud properties now owned by nonresidents who are willing to sell at a sacrifice, thus offering an excellent opportunity to invest a little surplus capital and benefit by the increase in values which is sure to come. Call on or write to us.

with a recommendation for mercy.

An experiment in silk culture at St. Augustine promises to succeed to a degree that will be commercially profitable. Its promoter soon will have on hand 200 pounds of silk from his initial investment in mulberry trees and silkworm eggs. If St. Augustineans will finance it, a silk factory will be located at that city.

The Seaboard Air Line Railroad Company has a new head for its agricultural department in J. M. Jones—with headquarters at Norfolk, Va. His early training was in Kansas farming; then he graduated from the Agricultural College of that State, and later he held positions in agricultural institutions, the latest being that of director of agricultural extension in Virginia.

The fact that there are just as good fish in the sea as ever were caught is rather encouraging to the piscatorial liar.

WATCH THE LICE

on chicks. These parasites sap the very life blood out of them. Dust the hen at night with B. A. Thomas's Louse Killer, and your troubles are ended. It also kills bugs on cucumber, tomato, and squash vines. We sell it to you; and if it does not make good, we will.

TOOK OUT GRASS AND PUT IN WATERMELONS

What the day's result was a perfect clear-

ever heard of such a party? Well, this sort of stunt was successfully carried out last Saturday by Mrs. Helena Roby and Mrs. M. Puckett-Foster, the latter the genial manager of the Citizens' Realty Company, and both of whom are joint proprietors of the lake-front bathing establishment. It was a most enjoyable affair, at which a large number of our residents were present.

Early Friday morning Farmer Sid Porter deposited a large number of watermelons in front of the Citizens' Realty office, and it took two swartly individuals all day to look after them, but they certainly proved a good "ad" for what was to follow.

Lately considerable water grass has grown in the near vicinity of the bathing bench and pavilion, and its proprietors, who always are looking to the welfare of the little folks, and incidentally some of the big folks, too, decided that it was necessary to eradicate the nuisance. So they hit upon a plan to have a giant watermelon festival for those who would volunteer to clear out the grass, also allowing a free run of the bathhouse to all who would "pull grass."

The day's result was a perfect clear-

ever heard of such a party? Well, this sort of stunt was successfully carried out last Saturday by Mrs. Helena Roby and Mrs. M. Puckett-Foster, the latter the genial manager of the Citizens' Realty Company, and both of whom are joint proprietors of the lake-front bathing establishment. It was a most enjoyable affair, at which a large number of our residents were present.

Petition To Retain War-Time Prohibition Being Prepared

Following a masterly sermon on prohibition delivered by Rev. H. H. Bowen at St. Cloud's Livingston Methodist Episcopal church last Sunday evening, petitions were circulated among the congregation and on Monday throughout the city urging Congress to let the war-time prohibition law stand until the last soldier has been mustered out—which, it is believed, will not be until after the nation-wide prohibition constitutional amendment goes into effect.

Rev. Mr. Bowen, in his strong sermon last Sunday, stated that he could not understand why President Wilson had cabled as part of his message his recommendation to Congress to remove the ban on even light wines and beer while the soldiers yet are in service, and that he (Mr. Bowen) is glad to learn that the President had no power to remove such war-time restrictions.

Mr. Bowen's appeal met a hearty response from a large congregation, every person present signing the petition to Congress to let war-time prohibition stand.

Mr. Bowen stated it was indeed pleasing to him to see the response unanimous, and that it is a rare thing for a speaker to find his audience entirely in accord with a message delivered on any subject.

The movement to have the war-time prohibition law stand is nation-wide, churches throughout the country having taken up the protest against any change at this time.

BADGERS, TAKE NOTICE!

The Wisconsin Association will meet at Mrs. Ward's home, Pennsylvania avenue and Fifth street, at 2 p. m. June 19. All members, and also all visitors in this city from the State of Wisconsin, are cordially urged to attend.

NANCY STILLWELL,
Press Correspondent.

The Lake county convention of the Y. M. C. A. will be held in Eustis on June 14 and 15. Memorial services for soldiers who fell in the World War will be held in Eustis in connection with the convention on June 15.

Most Remarkable Situation World Ever Saw

(Continued from Last Week.)

ive minority, that believes in a program for upsetting social order.

Many Englishmen
Believe in Communism.

In England, employers estimated to me that this minority is 10 to 15 percent of the people—a minority that actually believes that the whole theory of property rights should be abandoned and that we should go into a communistic state of society.

This inflammable material is in every country in Europe. You leave any part of it unprotected, idle, hungry, and starving, and there is going to be social disorder that will be a plague spot, that is infectious, and that is likely to spread.

So I believe that, if we are to tackle this subject of rehabilitating the industries of Europe, we will have to make a comprehensive job of it. We have to supply the raw material, the machinery, a certain amount of foods, and the equipment for railroads to make a start at getting this industrial cycle going again all over Europe.

A lot of you may say: "Vanderlip is excited. He has a too imaginative brain in looking at this thing. The war is over, and this tangle is going to work out in the long run; always has. There have been tangles before; there have been wars before; and in the long run this will work out. Don't get excited. Let us take care of us at home. Let us not get involved in too many foreign financial entanglements."

You know that a hungry stomach can not wait for the economics in the long run. He starves to death. Before he will do that, he will go into revolution. This thing WOULD work out in the long run if it were one country; but it is all of the European continent. The whole international reaction of one industry is broken up; the whole machine is disorganized; and it will not work out in the long run unless we help it to work out.

Europe has to save itself; it can be done by charity; but we have to put a little priming in the pump, to get the thing started. I do not believe in charity for Europe—money charity. We have done a great deal of that; but I do believe in charity of mind toward Europe. I am no longer critical of any fool thing that Europe does. They are entitled to do fool things. They are in a state of mind, in a nervous tension, are shaken in morale, and are oppressed by the most harassing situations.

Let us be sympathetic with them; but I do not think we need be charitable to the extent of trying to support them, because we can not do it. That would only postpone the days of their trouble. They have to go to work, and we must help put them to work.

I think there should be a group of special security.

Along with this opportunity is the greatest opportunity that ever came to a people. We are the darling of the nations that can supply the things Europe needs; make an international loan to its countries—not of money. I would not put any money into those treasuries at the present time, but make a loan of the credits that pay for the things that must be had to start the wheels of industry.

I would send Europe machinery, equipment for the railroads, raw material; send it "on time"; have the payments secured by the very best security that they can give—and that means gold. No nation in all time ever was so placed—if civilization will really move on over there.

We are the reservoir of the world's capital, and at the same time the reservoir of raw material.

We can finance the world and feed the world's industry with raw material. There have been nations that were the financial reservoirs, but they were not also the reservoirs of raw materials.

RUSSELL SAGE'S ADVICE

"Young Man, Buy Real Estate"

will soon rank with Horace Greely's aphorism: "Young Man, Go West!"

"If you are going to do a thing, do it the best way," is another maxim of which you will appreciate the force if you will investigate our list of

St. Cloud Opportunities in Real Estate

before going elsewhere. Right now we have a list of property that is offered at prices that will never be duplicated again in this city.

ST. CLOUD IS BOUND TO GROW

and grow fast. We have passed thru all difficulties usually encountered in a new growing town, and the future holds great promise for those who have the foresight to invest in real estate now, and plan for the future. Every new development that is planned shows that men of money have great confidence in the future of our city, and every little

effort made, every little investment put into property right now, will add impetus to the development of St. Cloud into the best inland town in Florida.

Far-sighted people buy real estate. It never runs away, and grows in value when well located. Just now we have some exceptional lots

ON THE DIXIE HIGHWAY

which will be completed to the Atlantic Ocean when the work now under way is finished. The St. Cloud part of the asphalt road takes the highway to the eastern line of Osceola County. The State Road Department will co-operate with Brevard county to finish to the ocean.

BUY NOW WHILE THE PRICE IS LOW

Citizens' Realty Co.

M. P. FOSTER, Manager

ST. CLOUD, FLORIDA

ST. CLOUD TRIBUNE

Published Every Thursday by St. Cloud Tribune Company.

Entered as Second-class Mail Matter, April 28, 1910, at the Postoffice at St. Cloud, Florida, under the Act of Congress of March 3, 1879.

C. F. JOHNSON, Editor and Owner.

The Tribune is published every Thursday and carries any part of the United States postage law, for \$2.00 a year, \$1.00 six months, or 50c three months—strictly in advance.

Postmaster-General Burleson "handed back" the telephone and telegraph wires last week. The union operators "handed" the company a strike as soon as they learned the government had relinquished control.

Jacksonville has just bought another piece of real estate for a memorial park, paying \$125,000 therefor. Some day the smaller cities of Florida will regret not buying park properties before the desirable lands are towed in price.

There is one important question every candidate who aspires to the Florida Legislature will have to answer during the campaign of next year, and that is: "How will you vote on the adoption of the Susan B. Anthony amendment, granting equal suffrage to women?"

The Legislature has adjourned, and the special train between Tallahassee and Jacksonville has been discontinued. How will the people of the northern and northwestern parts of the State now get along without their Times-Union for breakfast?

Ole Hansen, mayor of Seattle, says every town ought to have a hanging post and keep its works greased for action. If the headlines of the Associated Press dispatches for the past week are to be believed, we agree with him. Hanging would do more to stop bomb plotting than deportations via the steamship route.

Congress (now Republican in majority of members) has "listened to" Wilson's cabled message in so far as woman suffrage is concerned. The various States now have opportunity to ratify

the constitutional amendment providing for universal equal suffrage. It would be a queer thing if, after all, the women again would send a Democrat to the President's chair.

SPEAKING ABOUT THE GOVERNORSHIP—OSCEOLA COUNTY HAS A MAN FOR THE JOB

Now that the Florida Legislature has adjourned, the political pot in Florida may be expected to gradually increase its heat to the boiling temperature.

Among the men who have been suggested as who have announced themselves as candidates for the Democratic nomination for Governor of Florida next year are Doyle Carleton, the young Senator from Hillsborough county; Cary A. Hardee, formerly a member of the Legislature from Suwannee county; Lincoln F. Hulley, Senator from Volusia county and president of the John B. Stetson University (Deland), and Van C. Swearingen, now Attorney-General of Florida.

Each of these men has commendable points, and each of them may be criticized from two or more angles.

In Osceola county, however, is a public man whose ability has been tested in the Legislature, in business, and in public office in his city and county, and whose character, public and private, has no blemish.

This means Nathan Colbert Bryan, representing Osceola county in the House of Representatives of the Legislature of Florida.

Besides his ability, integrity, and general good character, Mr. Bryan is a man of progressive mind. He stands definitely for definite and progressive policies—such as State insurance of bank deposits, woman suffrage, and other measures that mean much for the welfare of the people as a whole.

On the prohibition question, he is as "dry as dust"—is an enthusiast. Mr. Bryan is not a "silver-tongued" orator, but he speaks forcibly and effectively in public and makes himself clearly and definitely understood.

He has a mind of his own, and he himself would be Governor if he were elected—not some clique of railroad or other corporation officials.

He is, in short, of a mental capacity and a mental trend of thought such as make him not only an acceptable, but a desirable, occupant of the gubernatorial chair at Tallahassee.

REPORT OF THE SCHOOL FUND, OSCEOLA COUNTY, PERIOD ENDING DEC. 31, 1918

The following report of the receipts and disbursements of the SCHOOL FUNDS OF OSCEOLA COUNTY for the period ending December 31st, 1918, with the balances and amount of warrants outstanding and a statement of the assets and liabilities, and the value of the school property of the said Osceola County, as reported on the 31st day of December, 1918, by the County Board of Public Instruction and the Superintendent of Public Instruction, is hereby published under the provisions of Chapter 6813, Laws of Florida, Acts of 1915.

STATE AUDITOR F. B. HAGERMAN'S REPORT ON CONDITION OF ST. CLOUD

ST. CLOUD, FLA.; May 26, 1919.

To the Hon. Ernest Amos, Comptroller State of Florida, Tallahassee, Fla.:

Dear Sir—I have made a full and complete examination of the books and records of the financial department of the municipality of St. Cloud, Fla., covering the period from Nov. 1, 1917, to May 1, 1919, and a complete history of the bond account from date of issue, Jan. 1, 1917, down to May 1, 1919, and submit report as follows:

(Here follows nearly a typewritten page of index to the report, with a short note relating to the index, both of which are unimportant here and are omitted from this publication.—Editor of Tribune.)

ASSETS AND LIABILITIES. (Pages 1 to 3.)

Active Assets.

Cash in various banks, including a dividend check for \$109.72 in hands of Clerk..... \$11,053.58
(Of this amount, \$2,727.45 still on deposit in defunct First National Bank of St. Cloud after collection of 50 per cent dividends.)
Accounts receivable (uncollected accounts)—total..... 12,481.26
(\$11,544.76 of this amount is for paying liens, and a suit has been entered enjoining city from collection. The balance is electric, water, and cemetery accounts.)
Delinquent taxes (uncollected)—total..... 8,432.31
(1918 assessment, \$7,438.22; 1917, \$907.25; years 1913, 1914, 1915, and 1916, \$296.89.)

Total active assets..... \$31,967.15

Fixed Assets.

City hall—real estate, building, etc..... \$9,975.00
Fire department:
Engine..... 10,030.00
Real estate, building, hose, etc..... 3,000.00
Police department—jail cage..... 100.00
Sanitary—real estate, building, mules, etc..... 3,525.00
Street department—mules, tools, etc..... 1,900.00
Cemetery—real estate..... 2,500.00
Park—real estate..... 3,000.00
Total fixed assets..... \$28,090.00

Productive Assets.

Electric and water-works plant, including electric street service..... \$46,981.80
Water mains (about 8½ miles)..... 44,538.00
Supplies and tools..... 700.00
Total productive assets..... \$92,219.80

Passive Assets.

Sewers (about 4 miles)..... \$12,300.00
Septic tank..... 9,000.00
Culverts and bridges..... 5,000.00
City's portion pavement..... 5,450.00
Total passive assets..... \$31,750.00

Total assets..... \$184,626.98

Liabilities.

Total..... \$142,368.43
Bonds outstanding..... \$112,000.00
Accrued interest on them..... 2,240.00
Floating liabilities..... 28,128.43

Excess of assets over liabilities..... \$42,258.55

TAX ROLL 1917—HOW ACCOUNTED FOR. (Page 4.)

The total assessed valuation for this year was \$778,424.00 (which includes \$112,389.00 for personals), at 28 mills..... \$21,795.84
Add advertising charged delinquents..... 426.54

Total..... \$21,222.38

Sidewalk—no liens.....	12.60	Doubtful.....	12.60
Lot cleaning—no liens.....	129.60	Doubtful.....	129.60
Total.....	\$2,151.66	Total.....	\$1,015.16

About \$1,136.50 of above considered collectable.
The city also holds paying liens amounting originally to \$12,949.76. Suit has been entered by the property owners enjoining the city from collecting, although some have paid \$1,405.00, covering their assessment, leaving a balance of \$11,544.76.

OPERATIONS ELECTRIC AND WATER PLANTS. (Page 46.)

This covers a period of one year and six months, or from Oct. 31, 1917, to May 1, 1919.

Electric meter readings and supplies..... \$7,829.14

Water furnished and connections..... 2,069.54

Total earned..... \$9,898.68

Cost of operating..... 86,350.97

Reconstruction and repair old electric lines cost..... 3,870.18

Relaying and repairing wood-pipe water mains cost..... 1,400.96

Total expenses..... 11,628.11

Expenses in excess of earnings..... \$1,729.43

These plants will produce a revenue to the city over and above the cost of operations, provided the wood-pipe mains do not continue to give trouble and large repair bills become necessary.

W. J. MALLETT ACCOUNT. (Pages 47 and 48.)

The city entered into a contract with Mallett to construct the power-house building for \$3,450.00 and the oil tank for \$535.00. The council admits he should be allowed something for extra work over and above the contract. There

has been paid out of the bond-sale money for his account the sum of \$2,630.25, and out of the general fund (to complete the work he discontinued) the sum of \$1,728.06, or a total of \$4,358.31.

In addition to these payments, he has rendered a sworn account, and entered suit for \$4,358.31.

The power-house building and oil tank have already been paid for from the general fund, or a total of \$6,358.31, and an additional \$453.40 paid from the general fund, or a total of \$6,811.71. This present total cost will be increased by any further payments made Mallett.

SALARIES. (Page 49.)

The salaries being paid city officials and other employees per month are: Mayor, \$8.33; Clerk and Collector, \$80; Treasurer, \$10.00; Plumbing Inspector, \$75; marshal, \$70 (plus one-half night impounding fees); Assessor and Auditor, \$30; City Physician, \$12.50; City Attorney, \$25; Engineer Power-House, \$80; Sanitary Inspector, \$16.00; scavenger wagon, \$55; Street Superintendent, \$50; street wagon, \$65; street wagon, \$60; Fire Chief, \$10; a total of \$664.15 per month, or \$7,970 per annum. The Fire Chief is also allowed \$2.50 for each alarm and the firemen \$1 each for each alarm.

BONDED CITY OFFICIALS AND OTHERS. (Page 50.)

Clerk and Collector, \$2,000; Treasurer, \$2,000; Assessor and Auditor, \$500; Plumbing Inspector, \$1,000; two Bond Trustees, \$1,000 each; H. A. Coble, plumber, \$500; Clyde Edwards, electrician, \$500; Walter Harris, plumber, \$500; State Bank of Kissimmee, depository bond, \$5,000.

All of these bonds are by surety companies, except State Bank, which is personal.

INSURANCE CARRIED BY CITY. (Page 51.)

Pound building and stables, \$500; implements in the building, \$200; city hall, \$1,500; fire station, \$500; annual premium paid, \$41.55.

COLLECTOR'S REMITTANCES TO TREASURER. (Pages 40 to 42.)

There are times when these are not made for two, three, and four weeks, and occasionally the collections run as high as \$3,000 to \$4,000 before being remitted. This is all wrong and should be discontinued. Furthermore, it is unbusiness-like and might result in serious trouble.

PAYING LIENS COLLECTED. (Page 27.)

These collections amount to \$1,405 and interest on bank deposits, making a total of \$1,418.94, which is on deposit to the credit of E. B. Kenney, Clerk, in the following banks:

First National Bank of St. Cloud..... \$768.07
Bank of St. Cloud..... 491.15
Citizens' Bank of Kissimmee..... 50.00
Dividend check in hands of Clerk..... 109.72

Total on deposit..... \$1,418.94

Should the courts so rule, this will have to be returned to the property owners who paid it.

These deposits should be transferred by the Clerk to the Treasurer.

TREASURER'S RECEIPTS AND DISBURSEMENTS. (Pages 28 to 30.)

General Fund.

The Treasurer's receipts from all sources have been: Cash in bank Oct. 31, 1917, \$2,318.92; collections from Oct. 31, 1917, to Nov. 1, 1918, \$28,015.68; from Oct. 31, 1911, to May 1, 1919, \$26,816.09; making a total of \$57,150.69, which has been disbursed as follows:

	Oct. 31, 1917, to Oct. 31, 1918,	Nov. 1, 1918, to May 1, 1919.
General items (includes officers' salaries, attorneys' expenses, printing and stationery, and other items).....	\$5,064.60	\$3,846.50
Fire Department's operations.....	20.01	187.68
Electric plant.....	3,957.89	2,393.63
Cemetery labor and grave-digging.....	287.00	100.23
Sanitary salaries and expenses.....	1,571.19	803.88
Sidewalk labor.....	71.00	8.00
Streets salaries, labor, and expenses.....	4,451.54	2,171.66
Interest on bonds.....	6,730.00	3,360.00
Refunds.....	16.58	50.06
Old liabilities paid.....	1,772.12	\$17,120.12
Reconstructing electric line.....	3,220.28	655.90
Relaying and repairs wood pipe.....	993.97	467.59
Water-works construction.....	1,323.12	129.31
Power-house construction.....	1,023.41	258.14
Remodel engine-house.....	248.71	12.26
Sewer construction.....	384.04	20.45
Electric construction.....		174.37
Total.....	\$32,572.26	\$17,120.12

The disbursements from Oct. 31, 1917, to May 1, 1919, as above, total \$49,701.38. The receipts, as shown, total \$57,150.69, leaving a balance of \$7,449.31, which is on deposit in the following banks to the credit of the City of St. Cloud:

State Bank of Kissimmee..... \$6,012.05
Bank of St. Cloud..... 107.45
First National Bank of St. Cloud..... 429.25
Shortage remitted by Collector Gill..... 30

Total..... \$7,449.31

resented in all parts of the world the spirit of the American people.

It has won honors in the past, and by the grace of God, may it stand ever more firmly in the future.

THIRD PRIZE—BONNIE CATHCART

Our American flag at its birth, June 14, 1777, contained thirteen stars and thirteen stripes. It was made by Betsey Ross out of a pair of old blue overalls and an old flannel shirt.

It is not generally known that, altho the United States is the youngest of the great nations of the world, our flag is older than that of any other nation.

"Old Glory" has lost no victory and has always entered into the conflict with right intentions.

The nations of today probably would be downfallen had it not been for the Stars and Stripes.

When the eye beholds our glorious emblem, the heart goes out with a feeling of patriotism that can not be stifled when our country calls.

It is supposed that in the days of yore every true American heart would thrill with patriotism at the sight of "Old Glory" floating in the breeze, but now its fame has reached so far that the heart of every citizen, regardless of nationality, is thrilled with patriotism at the sight of our dear flag.

The christening of the Stars and Stripes as "Old Glory" by the Union soldiers of 1863-65 can be traced only to the sentiment and overflow of spontaneous inspiration that filled their hearts and souls with a supreme love and reverence for the flag.

When Mr. Scott Key wrote "The Star-Spangled Banner," he must have been greatly thrilled as he looked out of his prison window and saw that "the flag was still there."

We, as children, have learned to realize more than ever the meaning of "Old Glory" when we have had to give up our loved ones to fight for its honor and for humanity's sake.

"They went away in silence
To fight in foreign lands;
There was no blaring of the trumpet,
No playing of the band."They crossed the deep, blue ocean,
Where hidden perils lurk;
Crossed to whip the beastly German
And his bloody friend, the Turk."The Allies met them gravely,
Yet with a welcoming smile;
There was no blaring of the trumpet,
And they liked their fighting style."

When we speak of "Yankees," we do not mean simply the men of the Northern States, for now the Northerners and the Southerners walk hand in hand and heart to heart to help to bear the burden of the world.

MEETING OF ELSIE P. McELROY
AUXILIARY.

Elsie P. McElroy Auxiliary, No. 17, of the Army and Navy Union, held its regular semi-monthly meeting on Monday, June 9. The meeting was called to order at 2 o'clock p. m. with Lady Commander E. Vreeland in the chair. Lady Comrade Nancy Stillwell occupied the lady chaplain's chair.

Many members were present. The minutes of the last previous meeting were read, and were approved as read. The resignation of our lady adjutant, Dora Francher, who is in poor health, was accepted. Mary P. Doughty, lady officer of the day, resigned that position and accepted that of lady adjutant.

The report of the committee on cemetery work showed that work had been finished and that the cash had been sent in from Garrison No. 141 of the Army and Navy Union in payment for its half share of the cost of the arch sign erected at the entrance of Mount Peace cemetery jointly with the Ladies' Auxiliary of the Army and Navy Union.

Lady comrades, take notice that our

meetings will open at 3 o'clock thru the summer months. The next meeting will be on June 23.

E. VREELAND.

CORRECTION.

In reporting the beautiful ceremony conducted at the lake shore of St. Cloud on the morning of Memorial day, May 30, by Elsie P. McElroy Auxiliary of the Army and Navy Union in commemoration of those of our country's warriors who found graves beneath the vast deeps, it was unintentionally and inadvertently made to appear that the ceremony was conducted by the G. A. R. local post, thus withholding from the loyal and faithful members of our auxiliary their full credit for their part in the day's ceremonies, and also made an inaccurate report of the news.

The members of Elsie P. McElroy Auxiliary, and no others, conducted the lake-side memorial services.

TRIBUNE.

L. L. Lucas, editor, publisher, and owner of the Tarpon Springs Evening Leader, has sold that newspaper to Milton Tiddy, formerly editor and publisher of the Tarpon Springs News, which recently suspended publication. Editor Lucas is well known in St. Cloud as a former member of the Tribune force and as the son-in-law of Capt. and Mrs. L. D. Frost. What plans he has for the future are not known here at this time.

Miss Mitta May, who assists Mrs. C. W. Harris, the Jersey avenue and Eleventh street grocer, went away to Orlando last Saturday to spend her vacation, which will last ten days or longer.

Comrade William Rogers was among Saturday's departures for a stay in the North. He goes to Kokomo, Ind., his former home, for a brief visit, and thence to Kalispell, Mont., where his son lives. The first snowfall will find him back in St. Cloud.

pletely. *That's because it has the quality!*

And, right behind this quality flavor and quality fragrance is Prince Albert's freedom from bite and parch which is cut out by our exclusive patented process. We tell you to smoke your fill at any clip—jimmy pipe or makin's cigarette—without a comeback!

Toppy red bags, tidy red tins, handsome pound or half pound tin humidor—and that clever, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

Proceedings of June Meeting Of the County Commissioners

(From the Minutes of J. L. Overstreet,
Clerk of Osceola County Board
of Commissioners.)

The Board of County Commissioners of Osceola county met at 10 a. m. June 2 for their regular monthly meeting, at Kissimmee, Commissioners A. F. Bass (chairman), Ernest Mach, B. H. Guy, E. L. D. Overstreet, and John Partin, Clerk J. L. Overstreet, and Attorney Pat Johnston being in attendance.

Chairman Bass called the board to order, and the minutes of the last previous session of the board were read and approved.

R. D. Libby's claim for \$80 damages was taken up. After some discussion by the board, Commissioner Partin offered a motion that the claim be paid. Seconded by Commissioner Guy and adopted.

B. C. Miller appeared before the board and stated there should be better organization among the citizens of the county in dipping cattle; that his cattle had been dipped and were clear of ticks, but that every one in the county owning cattle should be compelled to dip his cattle also, else the efforts to eliminate ticks would be a failure.

The question was raised as to why dipping vats are breaking and needing repairs so soon. Pat Johnston, attorney for the board, stated he had been informed the cement used in some of the vats was old and therefore no good. S. L. Luper, representative of

the Osceola Hardware Company, being present, informed the board such report was untrue, and that every sack of cement sold to the county for the construction of vats was in good condition when so sold, and that the defects possibly were on account of the grade of sand used. W. R. Fuller also stated that if the right grade of sand is not used, the mixture would not stand.

Pat Johnston asked the board to take some action in the matter of construction of the remainder of the vats to be built in the lower end of the county. The board informed him it had instructed L. R. Farmer to complete the work. Commissioner Bass then informed the board that he is opposed to the superintendent of the road work taking his crew off the roads, as he had been employed to build roads, and the State prisoners had been hired for that purpose.

The continuation of dipping cattle in this county was discussed by the board. Some of the board members contended that unless all vats are constructed and cattle dipped all over the county, it is a waste of money to do any dipping. Commissioner Partin made a motion that the board supply inspectors and dipping fluid for a district as follows: All vats six miles south of the Orange county line, and for Rough Island, Point, and Shingle Creek vats; compulsory dipping in the county to be discontinued to Jan. 1, 1920. Seconded by Commissioner Overstreet and carried.

Commissioner Overstreet offered a motion that Ordinance Bass be instructed to keep an accurate record of all dipping fluid delivered to any person dipping cattle, and that he make a report of the quantity and the name of the person receiving it to the board at each regular session of the board. Seconded by Commissioner Mach and adopted.

Commissioner Partin moved that L. R. Farmer be instructed to proceed immediately with the construction of vats remaining uncompleted. Seconded by Commissioner Mach and adopted.

William H. Kempfer appeared before the board and informed it that at the time it advertised for bids for construction of a bridge across Jane Green swamp the Union Cypress Company was not in position to make a bid, but that

the company desired to make a price on such construction, the county to pay one-half of the costs, which he estimated at \$15,787. The funds out of which this cost would be paid not being sufficient, the board passed the matter.

Cary D. Landis came before the board and complained that the contractor on the roads in special road and bridge district No. 3 is throwing trees across the telegraph wires and the railroad fence of the Florida East Coast Railway Company, but that he had arrived at an understanding with the contractor that the latter would take care of this situation.

The board having learned that a bill was before the Legislature for abolition of the County Court in Osceola county, it passed a resolution opposing such measure and instructed the attorney for the board to telegraph the Representative and the Senator representing Osceola county of this action.

The clerk presented and read in open session a letter from G. F. Armes informing the board it is necessary to make a slight change in the right of way in the road from St. Cloud to Melbourne, at Deer Park, to straighten the road. William H. Kempfer having consented to make a deed to the county for right of way thru certain lots in Deer Park for the sum of \$510, Commissioner Partin made a motion that the board accept Mr. Kempfer's proposal. Seconded by Commissioner Ernest Mach and carried.

Mr. Armes also stated in a letter that the bridges on the above named road are in bad shape and that the county should look after them. Mr. Ekanan, being present, agreed to look after the repair of such bridges at the present time. The attorney for the board was instructed to investigate and see if the upkeep of said bridges is not obligatory on the contractor.

The matter of detours along said road was called to the attention of the board, and Peter F. Murray, being present, agreed to see that these bridges are kept in good shape.

The board proceeded to open sealed bids on cement and brick, which were as follows:

The bid of W. B. Makinson Company to supply cement to the county at 86 cents per sack F. O. B. cars at Kissimmee, the board to receive a credit of 15 cents each for all sacks returned.

The bid of the Osceola Hardware Company to supply cement to the county at \$3.41 per barrel, or 95 cents per sack, the board to receive 12 cents a sack for all sacks returned.

The bid of the Southern Clay Manufacturing Company to supply No. 1 wire-cut lug brick at \$2 per 1,000 and No. 2 wire-cut lug brick at \$2.4 per 1,000, F. O. B. at the brick plant; brick to be inspected at the plant.

After all bids were opened and their prices carefully considered by the board, Commissioner Partin made a motion that the contract to supply cement be awarded to the W. B. Makinson Company, it being the lowest and best bidder. Seconded by Commissioner Mach and carried.

Commissioner Overstreet made a motion that the board purchase from the Southern Clay Manufacturing Company as many No. 2 wire-cut lug brick as are needed to finish the county's work. This company being the only bidder, and the commissioners being satisfied with the price of the brick, the motion was seconded by Commissioner Partin and carried. The brick are to be inspected at the plant and accepted and paid for at Kissimmee.

Peter F. Murray asked the board to amend its resolution passed Nov. 5,

1917, requesting the Atlantic Coast Line Railroad Company to extend to the board a freight credit not to exceed \$10,000 in any one month, for taking

the Florida East Coast Railway Company and the Union Cypress Company. Commissioner Mach moved the request be granted. Seconded by Commissioner Partin and carried.

Commissioner Guy made a motion that the clerk be instructed to pay all bills due on the tick-eradication fund. Seconded by Commissioner Partin and carried.

The board then recessed until 2:30 p. m., when it met again with all members attending.

Former Senator A. E. Donagan came before the board and asked it to recommend the cancellation of all tax certificates against the St. Cloud Development Company upon the payment of \$5,000 for such certificates and the taxes of 1918. The board adopted a resolution asking the Comptroller to authorize such cancellation, upon a motion by Commissioner Overstreet, seconded by Commissioner Partin.

Pat Johnston came before the board and asked it to recommend the cancellation of all tax certificates against his Canoe creek lands upon the payment of the face value of said certificates and 8 per cent interest and the clerk's costs. On a motion by Commissioner Overstreet, seconded by Commissioner Partin and carried, the request was granted and the resolution adopted.

B. H. Hull came before the board and asked it to have some repairs made on the dipping vat at the A. J. Marsh place. The matter was referred to L. R. Farmer.

Commissioner Overstreet made a motion that the cleaning of dipping vats be placed under the supervision of the inspectors in charge, they to see that the work is done and the bill therefor be approved by them before it is presented for payment. Seconded by Commissioner Mach and carried.

Increased, Commissioner Overstreet agricultural agent, for gasoline for two months was presented for payment; amount, \$65.04. Commissioner Partin made a motion the bill be paid. Seconded by Commissioner Mach and carried.

Commissioner Bass called the board's attention to the fact that G. W. Ashton has been working for the county a long time and that he has been a faithful server of the county and was entitled to a raise in his wages. Commissioner Bass asked that Mr. Ashton's wages be increased. Commissioner Overstreet made a motion that Mr. Ashton's salary be increased to \$100 per month. Seconded by Commissioner Partin and carried.

The notary bond of G. F. Kribbs, with S. L. Luper and H. W. Boice as sureties, was examined and approved; also the sheriff's bill for feeding prisoners.

The reports of Peter F. Murray and Dr. R. Thor Weaver were presented and were ordered filed.

The following reports of the inspectors of cattle dipping were presented and ordered filed: Dave Bass, H. L. Overstreet, Walter Branson, H. H. Hull, W. P. Tison, Fred A. Lorenz, R. V. Lander, C. C. Bass, Steve Williams, and Charlie Donegan—all of which were ordered filed.

The clerk presented and read a number of communications which were ordered filed with the proceedings of the board.

Alan J. MacDonough presented to the board a schedule of some minor changes that the clerk had suggested in constructing the courthouse vault and asked the board to advise the contractor what to do. The board informed the contractor that if the changes are for the betterment of the construction of the vault, they are all right, and told the clerk to use his judgment.

Bills against special road and bridge districts were ordered paid as follows: State Bank of Kissimmee, for interest on and retirement of bonds, \$7,863.38; Atlantic Coast Line Railroad Company, for freight on material, \$163.97; Peninsular Engineering and Contracting Company, for refund of freight on material, \$4,844.07; same company, for work completed as per estimate filed, \$21,665.31; Atlantic Coast Line Railroad Company, freight on material, \$181.02; bond trustees, for commissions, \$513.54; Florida Engineering and Contracting Company, for work completed as per estimate filed, \$3,637.42; same company, for lumber for bridges, \$556.80; bond trustees, for commissions, \$225; R. G. Reynolds, for surveying roads, \$251.40; F. J. Lovell, for medicine for county paupers, \$23.50; W. H. Arnold, for work done on courthouse vault as per statement filed, \$1,395.

The clerk presented a copy of the special act of the Legislature for the payment of a refund of freight for special road and bridge district No. 2, and also a copy of the resolution of the Board of Commissioners of Brevard county in re dipping cattle, both of which were ordered spread upon the minutes of the board.

The tax collector's report showed \$6.25 collected for general licenses and \$13 for poll taxes.

The reports of the county depositories showed the following balances in the various funds June 1, 1919:

Fine and forfeiture fund, \$2,007.56
General revenue fund, 4,614.02
Road and bridge fund, 10,715.96
Special public fund, 1,310.05
Special public fund, \$1,910.08
Hard-surface road fund, 6,637.47
Tick eradication fund, 3,589.02

Paid warrants were ordered canceled from the various funds as follows:

General revenue fund, \$2,009.94
Road and bridge fund, 617.28
Hard-surface road fund, 9,928.15
Tick eradication fund, 12,505.94

Clerk Overstreet informed the board that, in accordance with the authority granted by the board at its regular session May 5, 1919, \$10,000 worth of tick certificates for the tick-eradication fund were issued to the Bank of St. Cloud, dated May 13, 1919. Also that two warrants against said fund were made payable to Pat Johnston for \$4,000 and \$3,000, bearing the same date.

The following bills were examined, approved, and ordered paid:

A. F. Bass, commissioner, \$6.00

Burkburnett
ALSO
Brownwood
THE
POOR MAN'S FIELD
AND THE
SAN ANTONIO DISTRICT
The Coming Community of
LIQUID GOLD

Drilling for oil is the business of the Texas Central Petroleum Company, organized to exploit only the known crude-oil wealth of Texas, and conceived on a purely business basis.
It Offers You:
1. An interest in six (6) producing wells in Brownwood, in Texas, together with an interest in all its holdings in
BURKBURNETT, BROWNWOOD, SAN ANTONIO.
Two in number drilling at this time by the Company, for the Company, and with the Company's own drilling equipment, the only saving thousands of dollars on each well.
2. Holdings in the Burk Burnett field are near these wonderful wells.

McMann, Burk Waggoner, Thrift, Marine, United, Golden Cycle.

All these wells are essential producers of great magnitude, beyond the imagination of the greatest oil fields. Our fifty-acre lease in the Burk Burnett field produces fortune builders such as these.

3. Texas Central Petroleum Company is formed and managed by men thoroughly experienced in oil affairs and of established reputation for doing things properly and well.
4. The oil produced in these districts is of the very highest gravity and quality and brings top market price. A big well in either of these three fields will make Texas Central Petroleum Company a big dividend payer.

5. A portion of the net income must be reserved for dividends to shareholders. The remainder will be put to a drilling fund for further development. All shareholders share in all profits of this Company and wells of this Company.
6. Capitalization at \$2,500,000.00, at 25 cents per share par, which assures the investors "Safety First." This is only a reasonable capital for an oil company that expects to develop their property. Small capital has proved to be absolutely unsafe.

SHARES TODAY, (25c) Twenty-Five Cents.

Remember we own six Producers, and still drilling, in Burk Burnett and San Antonio.

State of Florida, County of Osceola, SS.—To All Whom It May Concern:
Be it known that before me, the undersigned Notary Public in and for the State of Florida, having a seal and duly authorized under the laws of said State to administer oaths and take acknowledgments, this day personally appeared Emil Mach, J. R. Clay, and Ernest Mach, to me known and known to me to be the individuals described in and who executed the foregoing proposed charter, who, upon oath, acknowledged each for himself, that he executed the foregoing proposed charter freely and voluntarily for the uses and purposes therein expressed.
In witness whereof I have hereunto set my hand and official seal at Kissimmee, said County and State, this 4th day of June, A. D. 1919.
Notary Public, State of Florida.
(Notary Seal)
My commission expires Sept. 7, 1922.

NOTICE OF APPLICATION FOR TAX DEED.
Notice is hereby given that W. H. Lee, purchaser of Tax Certificates Nos. 381 and 662, dated the 7th day of August, A. D. 1918, filed his application in my office and has made application for tax deed to issue in accordance with law. Said certificates embrace the following described property, situated in Osceola County, Florida, to-wit: Lot 12, Seminole Land and Investment Company's Subdivision of Section 6, Township 27 South, Range Thirty-One East, and 24 of Block 225 of St. Cloud. The said land being assessed at the date of issuance of said certificates in the name of S. Baskins. Unless said certificates shall be redeemed according to law, I will issue thereon on the 7th day of July, A. D. 1919.
(Seal) J. L. OVERSTREET, Clerk Circuit Court Osceola County, Florida.

ADMINISTRATION CITATION.
In Court of County Judge, Osceola County, State of Florida.—Estate of Alexander Durham.
By the Judge of said Court: Whereas Lillian Hughes has applied to this Court for Letters of Administration on the estate of Alexander Durham, deceased, late of said County of Osceola, these are, therefore, to cite all persons known and unknown, and all creditors of said deceased to be and appear before this Court on or before the 10th day of July, A. D. 1919, and file objections, if any they have, to the granting of Letters of Administration on said estate; otherwise the same will be granted to said Lillian Hughes or to some other fit person or persons.
Witness my name as County Judge of the County aforesaid this, the 27th day of May, A. D. 1919.
(Seal) T. M. MURPHY, County Judge.

ORDER OF PUBLICATION.
Seventh Judicial Circuit of Florida, Circuit Court of Osceola County.—In Chancery.
E. L. Lesley, Complainant,
vs.
C. M. Jones, et al., Defendants.
It is ordered that the Defendant, Otto F. Weinkelman, appear to the Bill of Complaint on file herein on Monday, July 29th, 1919.
This order is to be published for eight consecutive weeks in the St. Cloud Tribune, a weekly newspaper published in St. Cloud, Florida.
Witness my hand and official seal this 24th day of May, A. D. 1919.
(Seal) J. L. OVERSTREET, Clerk Circuit Court Osceola County, Florida.

ORDER OF PUBLICATION.
Seventh Judicial Circuit of Florida, Circuit Court of Osceola County.—In Chancery.
E. L. Lesley, Complainant,
vs.
Jennie R. White, Defendant.
It is ordered that the Defendant, Jennie R. White, appear to the Bill of Complaint on file herein on Monday, the 30th day of June, A. D. 1919.
It is further ordered that this order be published once a week for four consecutive weeks in the St. Cloud Tribune, a weekly newspaper published in Osceola County, Florida.
Witness my hand and official seal this 24th day of May, A. D. 1919.
(Seal) J. L. OVERSTREET, Clerk Circuit Court Osceola County, Florida.

NOTICE OF APPLICATION FOR TAX DEED.
Notice is hereby given that James H. Morgan, purchaser of Tax Certificate No. 519 dated the 6th day of July, A. D. 1914, and Tax Certificate No. 542 dated the 7th day of August, A. D. 1918, has filed said certificates in my office, and has made application for tax deed to issue in accordance with law. Said certificates embrace the following described property, situated in Osceola County, Florida, to-wit: Certificate No. 519: Lots 9 and 10 Block D; Certificate No. 542: Lots 7 and 8 Block D; all of C. W. Depp and E. L. Lesley, Sub-Division of Sub-Division of Lot 37, Seminole Land & Investment Company's Sub-Division of Section 11, Township 26 South, Range 30 East.
The said land being assessed at the date of the issuance of said certificate in the names of C. W. Depp and E. L. Lesley. Unless said certificates shall be redeemed according to law, I will issue thereon on the 10th day of June, A. D. 1919.
(Seal) J. L. OVERSTREET, Clerk Circuit Court Osceola County, Florida.

NOTICE OF ELECTION.
In compliance with Chapter 4678, Laws of Florida, 1918, notice is hereby given that an election will be held at St. Cloud, Osceola County, Florida, in Special Tax School District No. 1, on Thursday, June 26th, A. D. 1919, for the purpose of determining who shall serve as school trustee of said district for the two years next after the election, and to fix the number of mills of district tax to be levied and collected annually for the said two years.
The following are appointed to act at said election:
H. H. Ferguson, H. E. Hendrick, T. N. Farr, Inspectors; J. I. Cummings, clerk.
Done by order of the Board of Public Instruction in and for the County of Osceola, State of Florida, this 5th day of May, A. D. 1919.
W. C. BASS, Chairman.
Attest: C. E. YOWELL, County Superintendent and Secretary Board Public Instruction. 39-41

IN CIRCUIT COURT FOR THE SEVENTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA
In and for Osceola County, Florida, in Chancery.
George A. Dine and Joseph Dine, respondents—Foreclosure of Mortgage—Order of Publication.—To George A. Dine, 485 Fountain Avenue, Grand Rapids, Michigan, and Joseph Dine, Carry, Indiana: You are hereby commanded to be and appear in the above entitled cause on the 7th day of July, A. D. 1919, before the Honorable James W. Perkins, Judge of the above Court, and my name as Clerk thereof, and the seal of said Court, at Kissimmee, Osceola County, Florida, on this 21st day of May, A. D. 1919.
(Seal) Clerk Circuit Court Osceola County, Florida.
JOHNSTON & GARRETT, Counsel for Complainant. 39-41

LEGAL ADVERTISEMENT.
IN CIRCUIT COURT FOR THE SEVENTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA in and for Osceola County, Florida, in Chancery.—John H. Keal, complainant, vs. Olive A. Keal, respondent—Divorce—Order of Publication.—To Olive A. Keal, Harbor, Oregon: You are hereby commanded and notified to appear in the foregoing cause on the 7th day of July, A. D. 1919. Witness the Honorable James W. Perkins, as Judge of the above Court, and my name as Clerk of said Court at Kissimmee, Osceola County, Florida, on this, the 21st day of May, A. D. 1919.
(Seal) J. L. OVERSTREET, Clerk Circuit Court Osceola County, Florida.
JOHNSTON & GARRETT, Counsel for Complainant. 39-41

NOTICE OF EXECUTOR (For Final Discharge).
In Court of County Judge, Osceola County, State of Florida.—In Re Estate of Henry H. Coble.
Notice is hereby given to all whom it may concern, that on the 30th day of October, A. D. 1918, I said apply to the Honorable T. M. Murphy, Judge of said Court, as Judge of Probate, for my final discharge as Executor of the estate of Henry H. Coble, deceased, and that at the same time I will present my final accounts as Executor of said estate, and ask for their approval.
Dated May 12th, A. D. 1919.
CAROLINE F. COBLE, Executrix.

NOTICE TO CREDITORS.
In Court of the County Judge, Osceola County, State of Florida.—In Re Estate of William Hicks.
To All Creditors, Legatees, Distributees, and All Persons Having Claims or Demands Against Said Estate:
You and each of you are hereby notified and required to present any claims and demands against the estate of William Hicks, deceased, late of Osceola County, Florida, to the undersigned Administrator of said estate within two years from the date hereof.
Dated June 5th, A. D. 1919.
S. W. Porter, Administrator.

CITATION.
In Court of County Judge, Osceola County, State of Florida.—Estate of Henrietta Pickens.—By the Judge of said Court: Whereas Errol Mallory has applied to this Court for Letters of Administration, with will annexed, on the estate of Henrietta Pickens, deceased, late of said County of Osceola, these are, therefore, to cite and admonish all and singular the kindred and creditors of said deceased to be and appear before this Court on or before the 17th day of July, A. D. 1919, and file objections, if any they have, to the granting of Letters of Administration on said estate; otherwise the same will be granted to said Errol Mallory or to some other fit person or persons.
Witness my name as County Judge of the County aforesaid this, the 16th day of June, A. D. 1919.
(Seal) T. M. MURPHY, County Judge.

NOTICE OF CATTLE SALE.
It is my purpose, as Administrator of the estate of J. R. Tumblin, deceased, to sell the cattle belonging to said estate. All parties having any bids or offers for the purchase of these cattle are solicited to send such bids or offers to me at Lakewood, Fla., in order that I may consider same. The cattle have been appraised at 450 head, and bids may be offered as they run or counted.
This, the 6th day of June, A. D. 1919.
WILLIAM INGRAM, As Administrator of the Estate of J. R. Tumblin, Deceased. 42-31

BAILEY WINS LICENSE CASE.
In the case against John F. Bailey, which was tried in the County Court on Monday, the jury found a verdict of not guilty on a charge of operating an automobile bus line without a proper license.
The case grew out of a dispute about the interpretation of the State automobile law, one section requiring a certain license on an automobile of a certain horsepower, while another section required a higher license for a certain seating capacity.
The information filed claimed Mr. Bailey was operating a bus having a seating capacity of more than ten passengers, while his license was for a seating capacity of less than ten.
The jury was instructed by the court to examine the bus in question, which was done, and to determine if the car had a comfortable seating capacity of more than ten. After the jurymen tried out the seating capacity of the car, by taking seats in it themselves, they concluded that its comfortable seating capacity is less than ten.
Johnston & Garrett represented Mr. Bailey in the case.

The commission appointed by the Governor of Kentucky to collect inheritance taxes from the estate of Mrs. Mary Lily Bingham (formerly Mrs. Henry M. Fingler) will demand an increase of about \$5,000,000 in the appraisal of the estate—based on Florida proof. This increase, if allowed, will make the estate's total value more than \$107,000,000. Counsel for the State (Kentucky) will hold that the Florida home properties are worth about \$10,000,000, and that Florida land holdings are worth between \$12,000,000 and \$14,000,000.
A compilation of the money donated by Duval county's people to the several war-relief activities in the two years of war shows it amounted to \$470,000, and they loaned \$23,232,300 to the Government. Duval's men in service numbered 4,942, of whom 114 lost their lives.

GRANGES Seal Sweet GRAPEFRUIT

Ten years' time affords a thorough test of almost any plan or business proposition.

During a ten-year period anything basically wrong will be pretty sure to disclose itself.

The Florida Citrus Exchange has been in active and successful operation for the ten years ending June 1, 1919.

The organization is daily growing stronger and all the time becoming more efficient in its service to growers.

Over four thousand grove owners are affiliated with the Florida Citrus Exchange, and their helpful suggestions as to the policy and operation of the body are of the greatest assistance to the officers and directors.

The active interest of the grower members of the Florida Citrus Exchange is the solid foundation on which has been built a business structure with the power to weather adverse conditions and to take the fullest advantage of favorable ones.

Having saved the citrus industry of Florida from destruction, having made for the growers who are members millions of dollars and having proved beyond question that its work is on the right line, the Florida Citrus Exchange asks that its usefulness may be helped to become even greater by your support.

As to how it will benefit you and as to where and when you can join the Florida Citrus Exchange, write, wire, 'phone or call on

	\$2,128.43

LAWSUITS PENDING AGAINST CITY. (Page 55.)

Set forth in detail: W. J. Mallett suit; amount involved, \$4,086.13. Paying suit by property owners; amount involved, \$12,949.70. Chase National Bank of New York, warrant No. 635, dated Dec. 26, 1917, on First National Bank of St. Cloud, five days before its failure, for bond-coupon interest; amount involved, \$3,300.

WHERE SEWER PIPE AND WATER MAINS ARE LAID. (Pages 64 to 66.)

Sets forth along what streets the pipe is laid, the number of feet on each street, and size of pipe. Total number of feet laid:

Cast-iron water mains.....	11,900 feet
Wood-stave water mains.....	32,700 feet
Vitrified sewer pipe.....	18,100 feet
No. 1 standard sewer pipe.....	3,600 feet
Total.....	66,300 feet

ESTIMATED RECEIPTS AND DISBURSEMENTS. (Pages 43 to 45.)

This is a careful estimate, based upon present conditions of your probable receipts and disbursements for each fiscal year beginning and ending Nov. 1:

Estimated revenues.....	\$33,100.00
Estimated disbursements.....	26,150.00
Surplus per year.....	\$6,950.00

You will have this estimated surplus to apply on account of previous liabilities or for improvements. In arriving at these figures, allowance was made for the noncollection of the St. Cloud Development Company taxes, about \$4,500, and about \$1,000 for other delinquents. Should you collect these, your surplus will be bettered by that much.

General Remarks.

SUGGESTIONS FOR CLERK AND COLLECTOR.

All collections should be deposited daily in bank to his credit as Clerk and checked out of this account once or twice a week and passed on to the Treasurer. Not more than \$100 to \$150 should at any time be kept in the safe (for disbursement of petty items).

All disbursements for labor and every other expenditure (except petty items) should be paid by warrant, and never out of cash collections. If necessary, have two pay days per month—as is customary with most towns. There may be a few exceptions when warrants will have to be issued between pay days.

Paying collections amounting to \$1,418.94, now on deposit in various banks to the credit of the Clerk, should be transferred to the Treasurer.

It is now customary for the Marshal to collect impounding fees, he being allowed (in addition to his salary) one-half of the night fees. In some cases he turns in the total collection and receives a warrant for his share; in other cases he retains his share and turns in the balance. Duplicate receipts for his collections, so far as I was able to learn, have not been kept. These receipts should be kept and collections made by the Collector if practical. During the period of this audit, fees collected amounted to \$507.50, and out of this the Marshal was paid for his share \$182.

Duplicate redemption certificates should be kept for all tax redemptions.

The Assessor's tax roll and the collection register, as they now are kept, make a great deal of unnecessary work. Each assessment, if it is only 50 cents, is distributed into four or five different funds. This, in order to save work, should be discontinued. Let the distribution take place after it reaches the Treasurer. In place of all this, in the Assessor's tax roll should be a paid column and a delinquent column, which two columns should balance the total.

TAYLOR'S CASH GROCERY

Taylor's Cash Grocery

Pennsylvania Ave. Johnston Building

assessment and therefore show on its face whether or not all taxes had been accounted for. The next receipt book is being ordered, and it is hoped that it will not be long before it is in the hands of the collector.

TREASURER'S REGISTER.

In addition to date, warrant number, in whose favor, and amount columns, as you now have, should be added a column to explain for what purpose the warrant was drawn.

BOND TRUSTEES.

Have paid twice a bill from the Bennett Printing & S. Co. for \$208.70 for printing bonds—once to these people and again to the city. The city should return this to the Bond Trustees.

Your Trustees deposited \$120,082.66 (proceeds from bond sale) with the First National Bank of St. Cloud without any depository bond being furnished by the bank guaranteeing the safety of this large deposit. Neither has the bank allowed any interest, although about \$23,000 was still with them six months after it was placed there.

The Secretary for your Trustees received from the First National Bank Receiver dividend checks amounting to \$655.76, which had been cashed and retained by him for some considerable time, or until I called his attention to the fact. The amount is now on deposit with the Bank of St. Cloud. This is a very dangerous practice and should not happen again.

STREETS.

This is an item of expenditure that should be given very careful consideration. You are expending annually for this purpose \$4,000 to \$5,000, and without any permanent benefit. If you allow this to run without reducing it to a minimum, in the course of years you will have \$40,000 to \$50,000 in the streets with nothing to show for it.

The expenditure for the year ended Nov. 1, 1918, was:

Superintendent's salary.....	\$600.00
Two drivers and wagons.....	1,152.00
Labor.....	1,355.77
Feed and shoes for two teams.....	1,145.42
Material.....	198.15
	\$4,451.34

FLOATING DEBTS AND BONDS.

Referring to this matter again, the following is what you will be called upon to arrange for:

Past due.....	\$11,783.97
Due Aug. 30, 1919.....	1,200.00 and 6 per cent from Aug. 1, 1919
Due Sept. 13, 1919.....	930.00 and 6 per cent from Aug. 1, 1919
Due April 5, 1920.....	2,006.00
Due June, 1920.....	505.00
Due August, 1920.....	1,000.00 and 6 per cent
Due April, 1921.....	2,006.00
Due August, 1921.....	1,000.00 and 6 per cent
Due January, 1922—first bond redemption.....	2,000.00
Due April, 1922.....	2,000.00
Due August, 1922.....	500.00 and 6 per cent
Due January, 1923—second bond redemption.....	5,000.00
April, 1923.....	2,000.00
\$5,000 per annum to 1944 to retire bonds.	

ELECTRIC AND WATER SUPPLIES SALES.

If you expect to continue this business, the sales should be kept entirely separate and distinct from the electric-current and water sales.

INTEREST AND SINKING FUND.

All coupon interest on bonds has been promptly paid as it fell due, although no sinking fund as yet has been created for the retirement of bonds.

All money handled by your Collectors, Treasurers, and Bond Trustees, has been fully accounted for, and your Clerk and Collector, Mr. F. B. Kenney, is well informed on all matters relating to the city's affairs.

Respectfully submitted,

F. B. HAGERMAN,
Auditor for the State of Florida.

Co-operative Dairying In Osceola County

BY R. THOR WEAVER,
County Agricultural Agent.

Co-operative dairying soon will reach the St. Cloud section.

Many inquiries for milk cows and membership in the co-operative dairying association to be organized here have come to your county agent. This proves that great interest is being manifested in this project.

Grape growing is one line of industry on the farm or the home place that should not be overlooked. Tarpon Springs now is shipping quantities of grapes to the markets. The St. Cloud section is an early-season place for growing grapes, and the soil is well adapted. It would be interesting and profitable to have all look into this branch of fruit growing.

The Bureau of Plant Industry will send some of the chryso seed for October and February planting to the county agent. These will be distributed to demonstrators for the purpose of making a showing as well as for producing the seed. This is a vegetable fruit and is fine in any way it may be prepared, as well as being excellent food for stock.

If you are looking for Real Estate in Florida to make your future home, write Citizens Realty Co., St. Cloud, Fla., for a descriptive booklet. Send 3-cent stamp.

MISS IVA L. MARSHALL WEDS.

Miss Iva L. Marshall, until lately a resident of St. Cloud, was married on June 3 at Alamosa, Colo., to Lloyd Baxter, a farmer in that section. They will reside near Alamosa.

Miss Marshall left St. Cloud about six or seven weeks ago to visit her brother in Missouri, and there became acquainted with the man who is her husband. She is a niece of Mrs. R. H. Hatcher, St. Cloud's well-known and popular milliner, with whom she resided while in this city.

The Tribune hopes for the newly wedded couple all the happiness that marriage and life can give, and it assures Mr. Baxter that he is to be congratulated abundantly.

S. W. Porter, St. Cloud real-estate agent, insurance agent, notary public, etc., is also a farmer, and he demonstrated last week that he is proficient in his new occupation by putting on sale at St. Cloud's curb market the first watermelons placed on public sale in St. Cloud this year. He brought to town also a basket of ripe oranges, the first (so far as known) of the new orange crop in this vicinity. A lot of peaches accompanied the oranges. All tasted good and were of quality that would have satisfied the fastidious. This is said from personal knowledge of the products in question.
